## e-STUDIO2510AC

### Datasheet

---

- > Toshiba's multifunctional A3 colour systems offer all features for small- and medium-sized companies needs.
- > Via a large and fully customisable user interface all functions are easy to access and help increase efficiency.
- > Both models deliver impressive document output at a speed of up to 25 ppm and have been designed to support modern document workflows.
- > Integrate additional functions and applications thanks to Toshiba's individual programming.<sup>5)</sup>

Small and medium workgroups looking for quality colour will appreciate the fact that the e-STUDIO2510AC series is easy to integrate into customer workflow needs.

The high-quality 26 cm (10.1") tablet-style multi-touch screen can be personalised according to users preferences and needs and enables easy access to all functions and workflows.

Mobile printing is important and Toshiba's new systems give you full flexibility to do so. All models can easily connect to mobile devices via AirPrint, Google Cloud Print or the Mopria Print Service.

All e-BRIDGE Next models fulfill the highest security standards to protect your data from unwanted access. So whether you are looking for document security, device security or access security - our new systems have it all.
